INVITATION FOR PREQUALIFICATION OF GENERAL CONTRACTORS AND SPECIALIZED AUGER BORE SUB-CONTRACTORS

COHAS BROOK SEWER PROJECT - CONTRACT NO. 2

FY12-270-55

The work includes, but is not limited to, the following: Construct approximately 17,200 linear feet of 8", 12" and 15" PVC gravity sewer in the Wellington Road area; 2000 linear feet of 8" PVC gravity sewer in the Crystal Lake Area; 355 linear feet of Auger Bore Method (Jack and Bore) under Route 101; precast concrete slab bridge (20 foot span) on Wellington Road; miscellaneous drains and water mains of various sizes, and all appurtenant work as shown and described in the Contract Documents. The engineer's opinion of probable project cost is \$7,000,000.

GENERAL CONTRACTOR PREQUALIFICATION

The City of Manchester's Environmental Protection Division is pre-qualifying General Contractors for the Cohas Brook Sewer Project – Contract No. 2. Prequalification forms may be obtained at the office of the Environmental Protection Division, 300 Winston St., Manchester, NH 03103. Questions should be directed to Robert Robinson at (603) 665-6899. Sealed Prequalification Statements will be received at the Office of the Environmental Protection Division until 4:00 PM prevailing time on March 16, 2012. Firms not prequalified will not be allowed to bid or take out plans and specifications.

SPECIALIZED AUGER BORE SUB-CONTRACTOR PREQUALIFICATION

The City of Manchester's Environmental Protection Division is pre-qualifying Contractors with experience in the Auger Bore Method (Jack and Bore) with rock disc cutter technology under Route 101 for the Cohas Brook Sewer Project – Contract No. 2. Prequalification forms may be obtained at the office of the Environmental Protection Division, 300 Winston St., Manchester, NH 03103. Questions should be directed to Robert Robinson at (603) 665-6899. Sealed Prequalification Statements will be received at the Office of the Environmental Protection Division until 4:00 PM prevailing time on March 16, 2012. Firms not prequalified will not be allowed to bid, take out plans and specifications or work on this project.

- The Prequalified General Contractors will be given the list of Prequalified Specialized Auger Bore Sub-Contractors and will need to subcontract with one of the Prequalified Specialized Auger Bore Sub-Contractors on this project.
- A mandatory prebid conference for the Prequalified General Contractors and the Prequalified Specialized Auger Bore Sub-Contractors is anticipated for Spring 2012.
- The bid opening for the Prequalified General Contractors is anticipated for Spring 2012.

The right is reserved to waive any informalities in or reject any or all prequalifying Contractors and to accept prequalified Contractors that are deemed most favorable to the interest of the City of Manchester.
